

Lillyanna for Genesis 8 Female

Product Name:	Lillyanna for Genesis 8 Female
Product ID:	49451
Published Artist(s):	Darwins Mishap(s)
Created By:	N/A
Release Date:	2017-12-22

Product Information

- Required Products: *None*

Lillyanna is a Sicilian-based character for your library needs. Her head is a custom morph, as is the body and nail morphs and need no additional morph packs for use.

Her skin is a mix of Merchant Resources and Photo Resources and includes a lower torso tattoo, an inner wrist watercolor-styled colored tattoo, an upper arm tattoo, and a hip Black Widow Spider tattoo that I've also moved to a shoulder for an additional option of use. Lillyanna has 5 complete Eye Materials, 3 Lash Materials with 2 color options, a Mono-SSS shader that can be used if the Chromatic Shader system that the Eye Materials use creates render artifacts, base Finger and Toe Nail Materials with 5 Nail colors. There are 3 Brow options as well as the usual No Brow Option for her, too! You never know when you want to use mesh brows.

Her make up utilizes the LIE Material System; however, the Lip Colors are saved with a ring of her facial skin, so they should only be used with her Skin set. The 2 Blush, 5 Eyeliners, and 6 Eye Shadows can be used on any Genesis 8 Female figure.

I've included the Base Skin Gloss Setting, as well as a Low/High Gloss Setting option for use with different lighting rigs and HDRI Environment map systems.

Anatomical Elements are included.

Materials are Iray only.

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core ¹⁾

[] = *Optional, depending on target application(s)*

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
