Product Information

- Required Products: *None*

M3D Jessica HD for Genesis 8 Female adds a slightly petite female to the Genesis 8 gene pool. All morphs are custom and only require the Genesis 8 female and serves as an entry point to using

Genesis 8.

These morphs can be used at partial or full strength. The base product includes seven custom asymmetrical head morphs and one body shape with an HD morph to add extra details. Each head morph has been sculpted in Zbrush and includes correctives for eye closes. The body shapes include additional JCMs for improved bending and muscle flexes and can be mixed in with other morphs from the Genesis 8 female gene pool.

Jessica also includes an adjustment morph for the fitness dial in the Genesis 8 female body morphs and several projection morphs to help clothing and swimwear fit better.

Jessica loads a slightly shorter character for the Genesis 8 gene pool but includes an adjustment to scale the height closer to Victoria 8. Jessica also include various HD morphs and adjustments for anatomical detail for your renders.
