

LY Sorrell HD for Genesis 8 Female

Product Name:	LY Sorrell HD for Genesis 8 Female
Product ID:	51429
Published Artist(s):	Lyoness
Created By:	N/A
Release Date:	2018-03-30

Product Information

- Required Products: *None*

Sorrell is a pretty and sweet. She has a nice custom made athletic body with a fun coronet body shape. (Coronet is broad shoulders, small breasts, slight waist, and slim hips) She's HD from top to

bottom. She has custom sculpted HD Head and Body morphs created for the Genesis 8 Base Female shape.

Sorrell has custom painted makeups - 9 makeups, 15 coordinating fingernails, 17 lipsticks, 9 Iris eye colors, and 14 all-in-one presets. I understand the need for customization, so included are presets for Anatomical Elements, 3 tonal (translucency) options, 3 lip shine options, a matte nail option. I like using an alternative torso with no anatomical details for risque clothing. If dForce drapes too much, your Sorrell can still look modest!

This girl likes to try out trendy new alternative lip colors... funky and different. Included are the nail colors for those that like to coordinate. Plus there are so many nude lipsticks, she has quite a few just to change things up.

There are several Bump settings for customizing your closeup and distance images plus normal maps for additional detail. Always included are custom morphed square or oval nails and long eyelash morphs. Nothing is as important as the Eyebrows, so you get 2 ways to remove eyebrows from Sorrell, an LIE no Eyebrow setting which removes the brows and leaves the makeup, and a No Eyebrow Face option for when you want everything from scratch!

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core ¹⁾

[] = *Optional, depending on target application(s)*

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
