Product Information

- Required Products: *None*

This is Kingsley. She's a fat bottom girl to help the world go round. Lusciously pear-shaped, she's young and healthy looking. Her skin is a warm medium with golden undertones. Useful if you are

interested in a more ethnic look or just a darker everyday tanned girl.

Kingsley has 12 hand painted makeups - 18 coordinating fingernails, 18 lipsticks, 9 Iris eye colors, and 19 all-in-one presets. I understand the need for customization, so included are presets for Anatomical Elements, 3 tonal (translucency) options, 3 lip shine options, a 3 nail gloss options. I like using an alternative torso with no anatomical details for risque clothing. If dForce drapes too much, Kingsley can still look modest!

There are several Bump settings for customizing your closeup and distance images plus normal maps for additional detail. Always included are custom morphed square or oval nails and long eyelash morphs. The fibermesh brows are designed to blend with the default brows textures. I recommend that you do as I do, use them in combination with the base texture for the best look. There a 10 eyebrow colors to play around.
