••••• SASE Blake for Genesis 8 Female •••••

Blake is a sweet thin doll for all of your rendering needs.

Her delicate & feminine morph was created in zbrush.

As always Blake's skin was created using a combination of photos, hand painting, and resources. Her freckles are handpainted and in LIE format making them useable on most fair skinned characters. She also has two different styles of freckles.

Blake's blush & eyeliners & freckles are also LIE making them useable on most characters.
