Product Information

- Required Products: *None*

There are 5 Preloads in this pack. Sleeping winter nature is presented here in a bright and fun way. Winter is not gray! Also there are 5 separate props of little pine and 5 snow props for them in this

pack. Besides, optimized duplicates of these props are included here. Totally there are 20 separate props in the set at all.

The system of modules reduces load on the computer compared to larger scenes.

Every module includes different groups of objects. You can easily and quickly modify landscapes by turning off/on pines, bushes, rowan trees. Also you can turn off/on snow on the trees and bushes..

In this pack are used shader mixer materials for ground and stones that let increase details of textures in several times.
