Product Information

- Required Products: [Tyrannosaurus Rex 2](#), [Dakotaraptor](#)

Dinosaur Exhibition Gallery comes with a Tyrannosaurus Skeleton fully rigged and animated as well as an environment with furniture and props.

Custom UVs have been made to create Dinosaurs Sculptures. Two products from Herschel Hoffmeyer were used: Tyrannosaurus Rex 2 for the gallery and Dakotaraptor for the room on the floor.

Dinosaurs Sculptures can be combined together, positioned or animated as you wish. By this way, you can create your own exhibition sculpture collection.

All the Sculptures of the product promotion images are included.

The dinosaurs Sculptures are an option and not needed to play with Tyrannosaurus Skeleton original figure, environment, and furniture.

The Iray render of the environment with All Props is heavy and requires a robust graphics card with lots of memory. Gallery comes all parts are separated with scene subset and allow you to render each part individually. This product has been designed for Iray only
