Product Information

- Required Products: *None*

Liberty Hair for Genesis 8 Female is an extremely customizable hair with lots of possible looks: with or without hat, with or without hair decorations. In addition, the many materials included for the hair, hat

and decorations can give you such a diversity of options that this hair will look fantastic in any character concept, time, or genre.

Modeled and shaded with the most efficient techniques to look complex and beautiful, and render in optimal time. It also has NVIDIA Iray shaders optimized for natural looking hair no matter what lighting you choose to use.

MATERIAL FEATURES: The hair has 20 Classic hair dyes that go from natural colors to fashionable colored dyes, 10 sophisticated Two Toned dyes, and 10 Highlighted Dyes, making possible to match the look of any character concept. There are also 10 materials for the fabric of the hat, and 10 different colors for the hair decorations. In addition, the hair decorations can be hidden or shown using the material presets. You can hide them all or each one of them as you wish. The hat can be hidden or shown using a button in the Hat Style category or through the show/hide icons. Iray and 3Dlight materials are included.

MORPHING FEATURES: The hair also includes 112 custom morphs, in these 14 categories: All Back, Back Adjust, Chest Adjust, Face Adjust, Hairline, Hat Adjust, Hat Style, Head Adjust, Move Ends, Move Groups, Shoulders Adjust, Style, Wind Full, and Wind Partial. With them you can change the hat style (brim size, round top, taller hat, wider hat), put it all back in one or both sides, move it with wind in all directions in several ways, set the hairline higher or lower, frame the face so it is more or less covered, move in all directions, make it longer or shorter, and much more.

COMPATIBILITY FEATURES: Works with all the Genesis 8 Female Head and Body Morphs, as all of them have been included when needed, which means full freedom to use any of those morphs in your creations. In addition, we have adjusted the rigging features as much as possible, so it will also work great with custom head morph shapes. If you need some more adjustment, you have morphs for that too both for face and body. Included Genesis 8 Female(s) shapes of Aiko 8, Teen Josie 8, The Girl 8, Victoria 8, and Zelara 8. Other shapes supported by auto-follow. If you need some more adjustment, you have morphs for that too.
