## Details

"Timeless Jewel Set" is a charming jewel set designed for Genesis 8 Female(s). Timeless Jewel Set was designed to give you high-quality mesh models along with multiple dynamic, styling and adjust morphs allowing to follow each sassy step Genesis 8 Female takes. These morphs provide you advanced movements realistically with a perfect conforming. So that, you can get more flexibility and freedom at your works.

Models in this pack are modeled as high quality but low polygons as not to strain your PC, allowing you to use high realism without losing any performance. All the textures are all hi quality and extremely detailed. All meshes have their own hi-quality textures.

The Set is composed of;

- Necklace, Earring Left, Earring Right
