

Render Studio 2.0 - Production Scenes

Product Name:	Render Studio 2.0 - Production Scenes
Product ID:	57507
Published Artist(s):	Colm Jackson
Created By:	N/A
Release Date:	2018-12-17

Product Information

- Required Products: [Render Studio 2.0 - Volumetric Plus](#)

'Render Studio 2.0 - Production Scenes' is the complete collection of all 16 scenes created for the promotion of Render Studio 2.0 - Volumetric Plus.

Each of the 16 scene files contain all of the lights, cameras, volumetric atmosphere fx and backgrounds that were used in each of the promotional renders. All you need to do is add your own characters, poses and props and you are ready to render with fantastic lighting. All of the scenes are also completely customizable to your own needs and preferences.

You can merge these scenes with other Daz Studio scenes that you already have created to completely change the lighting and atmosphere.

Render Studio 2.0 - Volumetric Plus is required to use this product.

Figures. Props and hair not included.

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core ¹⁾

[] = *Optional, depending on target application(s)*

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
