Product Information

- Required Products: *None*

UltraScatterPro opens up the next dimension of Instancing for Daz Studio. Building upon surface scatter tools introduced with UltraScatter, UltraScatterPro now brings the ability to scatter within an

object's volume or create a matrix of instances. UltraScatterPro has a large number of options for automatically setting the distribution, scale, and rotation of the instances. Perfect for placing trees and plants in a landscape, populating a street with figures, or fill the sky with birds. Unlock the power of instances in Daz Studio with UltraScatterPro.
