Product ID:	57925
Published Artist(s):	Daz Originals
Created By:	N/A
Release Date:	2019-03-05

Product Information

- Required Products: Bridget 8

The Bridget 8 HD Add-on is here! This product contains high definition head and body morphs for Bridget 8. Harness the power of HD and add unprecedented detail to your renders. Blur the lines

between CG and reality with these intricate morphs sculpted at 64x the resolution of the base Bridget 8 character. What does HD mean for you? Morphs sculpted at 64x the resolution of the base figure. Sharper creases where you need them Smoother curves for an organic, natural look. More definition, and more details, without significant system overhead. See your details updated in real time (Viewport subdivision must be turned on). Fine details that don't rely on image maps and work across UV sets.

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a Package Qualifier (WIP), which is used as a key to indicate something about the contents of that package.

- 1 Core [1]

[ ] = Optional, depending on target application(s)

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
