| <b>Product Name:</b>        | Wild Flower Plants vol 3 |
| <b>Product ID:</b>          | 58091                    |
| <b>Published Artist(s):</b> | Daz Originals            |
| <b>Created By:</b>          | MartinJFrost             |
| <b>Release Date:</b>        | 2019-01-19               |

## Product Information

- Required Products: *None*

A huge bundle of flowering plants for Daz Studio, the ultimate set of filler plants, with flowers and foliage and fruit, perfect for just about any situation that requires some flowers and foliage. Great in

woodland or meadow settings, but just as at home growing in your digital wasteland or ruins!

These high detail plants are perfect for foreground, background and mid ground placement and will work wonderfully when used in instancing plugins too!

Botanically accurate, with high resolution photographic textures where appropriate, and using Iray's hugely powerful materials to bring these plants to life!

This is the perfect companion bundle to Roadside flowering plants for Iray and my other grass and wild flower bundles.

## Product Notes

### Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core <sup>1)</sup>

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.

### Wild Flower Plants vol 3 (Core)

- You can find new icons for loading this product in the following DAZ Studio Folders:
  - "Props:Plants:Wild Flowers 3"
  - "Props:Plants:Wild Flowers 3:Materials"
- You can find new icons for this product in the following DAZ Studio Categories:
  - "Materials:Iray:Landscape"
  - "Props:Landscape:Plants"

### Additional Details

- The materials included for each species will apply to the appropriate plants, just select in the scene tab and apply.
- Remember that you can maximize your plants by using different versions of the same plant with slight variations in the y rotation value and scale.

Below is a list of files provided by the [Wild Flower Plants vol 3](#) product.
