

PTF Neon Splash Lighting Suite

Product Name:	PTF Neon Splash Lighting Suite
Product ID:	58177
Published Artist(s):	PixelTizzyFit
Created By:	N/A
Release Date:	2019-01-19

Product Information

- Required Products: *None*

Neon Splash Lighting Suite is a comprehensive set of HDRIs with modern feel. Bright neon colours will spice up any render. Glamour, cute, horror, suspense, drama - there are plenty of moods to choose

from.

The set includes 30 HDRIs: 25 in colour + 5 neutral greyscale ones. There are multiple environment options available, such as: rotation, blur, visibility, brightness, contrast, saturation, tint.

The Suite also comes with 8 Daz lights presets that could be used on their own or in combination with HDRIs. The Lighting Setups include the good old classics, like the Butterfly (Paramount) and Loop lighting, Rembrandt, Three-Point, Two-Point, as well as some custom combinations of Modern Three-Point, Noir and Full Body. There are presets for the lighting rigs to load either in the world centre or parented to the selected figure. The latter option is very convenient when your figure is moved.

Moreover, this set comes with 24 Colour Gels in three flavours: pastel, bold or natural. They can be used on any Daz Light. So you can throw in even more colour exactly where you need it.

But wait, there is more! As a bonus, we include our custom Skin, Hair and Lips Gloss settings, together with some metallic flakes layer for the skin to boost it's reflectivity.

And to top it all off, Neon Splash Lighting Suite is sprinkled with helpful tips on how to fine tune most of the presets included.

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core ¹⁾

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
