

Wild Flower Plants vol 4 - Wheatfields

Product Name:	Wild Flower Plants vol 4 - Wheatfields
Product ID:	58185
Published Artist(s):	Daz Originals
Created By:	MartinJFrost
Release Date:	2019-01-19

Product Information

- Required Products: *None*

A huge bundle of over 40 plants for Daz Studio! Field Poppy's, and Cornflowers take center stage, with a selection of both high detail and Lo res Wheat plants, the low res versions perfect for using in

instancing to create an en mass effect!

What could be better to bring your fields, farms, verges and meadows to life than this highly realistic bundle of great plants and flowers. Also included are four different flower colors for the poppy plants, and an extra unripe (green) material for the wheat, working with both the high resolution wheat plants and their low resolution instance friendly counterparts!

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core ¹⁾

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.

Wild Flower Plants vol 4 - Wheatfields (Core)

- You can find new icons for loading this product in the following DAZ Studio Folders:
 - "Props:Plants:Wild Flowers 4 Wheatfields"
 - "Props:Plants:Wild Flowers 4 Wheatfields:Materials"
- You can find new icons for this product in the following DAZ Studio Categories:
 - "Materials:Iray:Landscape"
 - "Props:Landscape:Plants"

Additional Details

- Please note that if you are using instancing of any sort, you will find that the low res wheat plants provided will work much better without draining your system resources.

Below is a list of files provided by the [Wild Flower Plants vol 4 - Wheatfields](#) product.
