

dForce Magnet

Product Name:	dForce Magnet
Product ID:	58367
Published Artist(s):	esha , RiverSoft Art
Created By:	N/A
Release Date:	2019-01-28

Product Information

- Required Products: *None*

Take control of your dForce simulations with the new dForce Magnet from Esha and RiverSoft Art! The dForce Magnet allows you to precisely control dForce simulations by allowing you to “grab” fabrics

and hair and influence their movement.

The dForce Magnet script creates a special handle in your scene tied to a specific vertex in your surface. Move the dForce Magnet around in your timeline dForce simulations and move that vertex, affecting the entire dForce object. Use dForce Magnet to create never before possible movement or subtly enhance the default simulations. The dForce Magnet can:

1. Precisely drape your fabrics on objects in your scene
1. Have a character appear to be lifting up their skirt or opening their shirt
1. Move individual hair strands

... endless possibilities!

Take your dForce simulations beyond the ordinary by using the dForce Magnet, all within Daz Studio!

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core ¹⁾

[] = *Optional, depending on target application(s)*

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.

dForce Magnet (Core)

- You can find new icons for loading this product in the following DAZ Studio Folders:
 - "Scripts:RiverSoft Art:dForce Magnet"
 - "Scripts:RiverSoft Art:dForce Magnet:Useful Presets"
- You can find new icons for this product in the following DAZ Studio Categories:
 - "Documents"
 - "Shaders:Iray:Utilities"
 - "Simulation-Settings"
 - "Utilities:Scripts"

Additional Details

* Scripts included in this product may include source or derivative code from one or more of the

Scripting Samples provided here:

- [Simple Input Dialog](#)
- [Simple Image Dialog](#)
- [Generate Sphere](#)

Below is a list of files provided by the [dForce Magnet](#) product.
