## Additional Details

- The top might have some poke through on several custom fits, it is to make sure the jacket fits over the top without getting too bulky. There are adjustment morphs in the top to fix that when it is used without jacket over it.
- The pants have over boots morph that is set to 100% when the entire outfit is loaded as a wearable, it might need to be dialed up when pants are loaded separately: the morph helps to reduce the bend in pants that happens when high heel boots are used, and is not needed with Genesis 8 Female in flat foot default pose.
- Some shapes may work with auto follow
- Product will not load or work correctly without the figure in the scene
- Product is made to work with smoothing on
- Materials have been optimized for Iray and may not look the same in 3Delight
- This set is NOT dForce
- The foot pose will need to be applied after each pose change
- Use of too many adjustment dials at once may cause distortion
