Pose Architect for Genesis 8 Female(s)

Product Name:	Pose Architect for Genesis 8 Female(s)
Product ID:	58537
Published Artist(s):	Daz Originals, 3D Universe
Created By:	N/A
Release Date:	2019-02-06

Product Information

- Required Products: *None*

Pose Architect makes creating realistic body poses as easy as 1-2-3. The included pose-control dials take the figure's body center-of-balance into account to keep the figure well-balanced. These pose-

dials use natural animated movement instead of stiff joint rotation.

The included leg pose-dials maintain foot contact with the ground plane for a more natural look.

The included arm pose-dials take into account torso pose-dials to maintain a natural position.

Pose Architect also works with the base pose-dials included with Genesis 8 Female. Pose-dials can be combined with standard joint posing to further perfect your pose.

To overcome the limitations with pose-dials (see below), a preset is included to extract the resulting joint pose parameters from the pose-dial values creating a simple body pose.

Simply follow these 3 steps:

- Use as many of the pose-dials as needed to create your pose. Multiple pose-dials can be added in together with existing joint body posing to create your perfect pose.
- Once your pose is created, use the included preset to automatically convert the dial values into standard joint posing.
- You can now save out your pose without the pose-dial as a standard figure pose.

Control Dial Limitations:

- They do not work well with Inverse-Kinematics.
- Controls Dial values saved in a pose cannot be applied to a figure that doesn't have the same control poses.

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a Package Qualifier (WIP), which is used as a key to indicate something about the contents of that package.

- 1 Core [1)]

[ ] = Optional, depending on target application(s)

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.

Pose Architect for Genesis 8 Female(s) (Core)

- You can find new icons for loading this product in the following DAZ Studio Folders:
  - "Scripts:3D Universe:Pose Architect"
- You can find new icons for this product in the following DAZ Studio Categories:
  - "Utilities:Scripts"

Additional Details

- Scripts included in this product include source or derivative code from the Scripting Samples provided here:
    - http://docs.daz3d.com/doku.php/public/software/dazstudio/4/referenceguide/scripting/api_reference/samples/general_ui/display_document_dynamic/start

Below is a list of files provided by the Pose Architect for Genesis 8 Female(s) product.
