Product Information

Now that the holidays are over, it is time to start baking again. Here is a set of 20 baking tools, along with 14 smart propped items for added realism. Many of the tools come with two material options and

can be rendered as either clean or dirty. There is a professional-styled mixer that comes with a detachable (i.e. smart-propped) mixer bowl and whisk. The mixer comes in two colors: Institutional Green and Cherry Red. The mixer is rigged so that the main body can be raised, the dials moved, and the axle can be spun. Both the kitchen timer and rolling pin are rigged – the dial on the timer can be twisted (dinging sound not included) and the main body of the rolling pin 'rolls'. The measuring cups come with flour or sugar smart propped items. The smaller, measuring spoons include smart propped liquid (vanilla extract colored) and sugar props. There are batter/frosting props for the wooden spoon/spatula and frosting knife, respectively. The liquid measuring cup comes with 2 cups of trans-fat free cooking oil. There are also 'just baked' cake and cupcake props waiting to be decorated. All that is needed is you and some inspiration!

Almost all of the listed baking tools come with wearable presets for both Genesis 8 Male and Female.
