

Hand Salon - Fake Nails and Jewelry

Product Name:	Hand Salon - Fake Nails and Jewelry
Product ID:	58827
Published Artist(s):	Daz Originals
Created By:	3DStyle
Release Date:	2019-02-21

Product Information

- Required Products: *None*

The "Hand Salon" is a complete set of fake fingernails for Genesis 8 Females. 12 fake fingernail sets with 4 basic color presets and 5 sets of mixed nails with 4 basic material presets are the base of a

multitude of possibilities to make attractive hands.

You also get 6 ring sets and 18 different hand sculpted Nail Jewels. To complete the product you will find 6 hand painted Arm LIE presets and 4 Henna Tattoo Presets.

All Fake Nails are separated in two material groups, which allows you to apply different colors to the Upper- and Undernails. Generally you can use each and every shader on the market, be just careful to use one without too much displacement.

In this product you will find Glitter, Glossy, Mat, Metallic, Shiny and Sparkle Materials in the most common colors (Black, Blue, Bordeaux, Brown, Chartreuse, Dark Red, Nude, Green, Light Blue, Light Pink, Orange, Pink, Red, Silver, Teal, Turquoise, Purple, White and Yellow)

For all Jewelry, there are 4 Metal folders with different materials (Gold, Silver, Iron, Copper) and a set of Black Materials. 20 Gemstone Colors, 13 Cabochon Colors and 5 Pearl shaders will help you to mix and match easily different styles.

You will also find prepared PSD files to make your own nail colors and French Nails, as well as a PDF file with all explications you need to get the best out of the product you buy.

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 2 Core ¹⁾

[] = *Optional, depending on target application(s)*

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
