

of sugar, butter, chocolate chips, cooking oil, olive oil, eggs, and a frosting bag. An egg carton is provided with both paper and Styrofoam materials. The lid and flap of the egg carton are rigged. Instancing is used to populate the inside of the carton with eggs. There are two color options for the eggs (white and brown). A rolled out cookie dough model includes smart propped cookie shapes that match the cookie cutters found in the Baking Tools set. There is also a ball of chocolate chip cookie dough waiting to be divided up into cookies for baking. A single chocolate chip or a pile of chocolate chips is provided to populate the scene along with a broken egg. Many of the ingredients come with wearable presets for both the Genesis 8 male and female so that they can be posed creating something in the kitchen.

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core ¹⁾

[] = *Optional, depending on target application(s)*

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
