Additional Details

- There are 2 pose dials included in the hair that use the word 'Dance'. Please be aware that these are intended for use when the neck and head have been twisted about. They will require adjustment as these are set up for a range of poses but won't fit all poses.
- The dial poses have been built to give you the greatest range of motion and blending ability possible, however, they cannot prevent poke-through without losing this flexibility and range of motion. Please be aware of this as you are posing.
- The Dforce ready portion of this hair is only available on the Bangs. The tails/braids are NOT dforce capable and will result in a real mess if you try to turn them on manually.
- The bangs are Dforce ready but the braids are NOT.
