Product Information

- Required Products: *None*

In the course of creation of new characters or emotions, often there is a need to change a shape of teeth or position of jaws at heroes. There is desire to give them identity and light asymmetry in details. Thanks to this product, at once at 20 heroines the different oral features can appear.

Someone from women will have large teeth, someone will have little teeth and hardly seen behind lips...

20 morphs of simultaneous change of height and width of jaws, and receiving new shape of teeth and tongue.

In addition the product included a new morph for change of a form and arrangement of a uvula.

Also the product includes new materials. Maps of normals and displacement provide high quality and realness for all oral area. You can use only morphs from this product. Or you can use only materials. Or to open maximum possibilities of this product. The mouth of the heroine tells a lot of things about the hostess. And any detail, unimportant at first sight matters.
