

Powerful Portraits

Product Name:	Powerful Portraits
Product ID:	59239
Published Artist(s):	Digital Art Live , Quixotry
Created By:	N/A
Release Date:	2019-03-11

Product Information

- Required Products: *None*

Creating outstanding portraits with DAZ Studio requires practice and determination. Then there's a slow but sure improvement on picking up tips along the way. But what if you could learn a whole raft

of tips in one tutorial by an established portrait artist? Mary Wright (Quixotry in the DAZ 3D community) will share her experience on how to create premium character artwork. Learn techniques that will help your characters generate a powerful emotion by the story that they tell.

Mary will share valuable tips on:-

Picking a character to convey the story

Backgrounds

Camera position

Expressions

Poses

Lighting, shadows and mood

Composition helpers

Postwork : Enhancing hair

Postwork : Enhancing the eyes

Postwork : Enhancing the skin

Composition tips on using two characters in a portrait

Black and white portraits

This product includes a bonus tutorial: "The best of Character Artwork"

About the presenter : Mary Wright

Mary Wright is a published artist at DAZ 3D known as Quixotry. She's an accomplished DAZ Studio portrait-maker, with a fantasy edge and has developed a series of characters and pose sets sold in her DAZ 3D store.

She grew up surrounded by beautiful paintings. Her father, Thomas Baker, is a master oil painter specializing in portraiture. It was his talent, teaching, and encouragement that led her to begin developing her own artistic abilities. Mary discovered Daz Studio while looking for an affordable program that would allow her to learn about the world of 3D art. Recognizing it as a useful tool for figure reference, illustration, and book cover creation, she added it to her workflow and found that pairing 3D renders with postwork in Photoshop opened up a world of exciting artistic possibilities. On top of being a digital artist, Mary is a freelance editor, voracious reader, and lover of the written word. She lives in New Mexico with her husband Brandon and their cat, Bagheera.

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core

[] = *Optional, depending on target application(s)*

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
