

Sara Hair for Genesis 3 and 8 Female(s)

Product Name:	Sara Hair for Genesis 3 and 8 Female(s)
Product ID:	59407
Published Artist(s):	outoftouch
Created By:	N/A
Release Date:	2019-03-22

Product Information

- Required Products: *None*

Sara Hair is a high quality hair package for Genesis 3 and Genesis 8 Female(s).

The 3D mesh is made of lots of hairstrands of different sizes for real-world volume and dynamic looks. The custom hairshader adds the special touch of realism to your renders, with its light-reactive features such as subsurface scattering and realistic glossiness. Additionally the shader has been build to be recolored with the popular Hairblending feature. You are able to mix two haircolors with gradients, strands and other creative alpha masks and set the strength of the alpha masks for thousands of unique looks without hassle or scripting. All options are available as one-click material presets.

Fully rigged - The hair is made of a custom rig with lots of additional bones for moving hairparts separately. Using this feature makes it easy to move, adjust and style the hair. The included BLOW wind dials have been carefully crafted using the custom bones for flawless and smooth movement in every value between 0 and 100. This also makes it easy to mix all BLOW dials to create your own wind. Or simply make use of the BLOW buttons for a one-click wind solution.

Additionally you will get a set of high quality styling morphs with STYLE presets as dials and STYLE buttons.

All options are optimized for Daz Studio Iray.

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core ¹⁾

[] = *Optional, depending on target application(s)*

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
