## Product Information

- Required Products: *None*

This prop set is ideal for all your tech scenes!

This set includes standard office equipment as well as gaming hardware with a flair.

Choose between customizable pre-load setups or individual items. Moveable parts are rigged to be fully functional.

All props have been modeled to scale according to the specifications of real-world hardware. Special attention has been paid to little details, like USB slots, for a realistic look in close-up renders.

Various material options add versatility.

## Product Notes

### Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core <sup>1)</sup>

[ ] = *Optional, depending on target application(s)*

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.

### Computer Gear (Core)
