

Baked Desserts

Product Name:	Baked Desserts
Product ID:	59611
Published Artist(s):	Daz Originals
Created By:	Rascal3D
Release Date:	2019-05-02

Product Information

- Required Products: *None*

Using the [Baking Tools] and [Baking Ingredients] your virtual avatar has baked a stunning array of desserts. Included in this set are three models of a Bundt cake (whole, sliced and piece), three models

of an apple pie (whole, sliced and piece), a model of cheesecake decorated with fruits, multiple sugar cookies, two chocolate chip cookies, two lemon bars, three types of cupcakes and a macaroon with three shape variations. The Bundt cake comes in three flavors: plain with white icing, chocolate with chocolate icing and red velvet with vanilla icing. In addition, three flavors of macaroons are provided: cappuccino, pistachio and raspberry. Almost all of the textures for the models were generated from photographs of real desserts. To help with presentation, there are a gold trimmed side plate, a gold trimmed cake plate with smart propped glass top, and a cake lifter (spatula).

Many of the baked desserts come with wearable presets for both the Genesis 8 male and female. But please- make them eat responsibly!

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core ¹⁾

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
