More amazing magic props and poses for Genesis 8 Male(s) and Female(s)!

This set brings you similar color schemes to Marvelous Magic, so they can be used interchangeably with one another, but the set contains all new magic pieces and poses that require no previous set! Your sorcerers, wizards, necromancers, and other mages now have just what they need to cast spells, heal, summon, and any other magical tasks they may need to perform. Relevant pieces also come with parented hand placements so you can easily mix and match hand placements with other poses in your library!

Note on render settings: In some renders, bloom was applied through the Render Settings tab's Filtering section using a Bloom Filter Threshold of 35,000.

Promo 05 (African Superhero in Space) shows a pose from SF Auras Genesis 8 Female with the Sunbursts to demonstrate the flexibility of the hand placements.
