

Diva Remix - Toons for Tika 8

Product Name:	Diva Remix - Toons for Tika 8
Product ID:	60117
Published Artist(s):	Divamakeup
Created By:	N/A
Release Date:	2019-04-25

Product Information

- Required Products: [Genesis 8 Female Body Morphs](#), [Genesis 8 Female Head Morphs](#), [Tika 8](#)

Diva Remix - Toon Tika brings a variety of character styles to Tika 8. Four cute Shape Presets (plus additional taller and curvier versions) transform Tika 8 into cartoon and anime type figures. Named

for the style they are shaped after, “Anime”, “Dolly”, “Toony”, and “SuperToon” provide four styles of anime and toon type characters while the many skin, makeup, fingernail, toenail, lashes, and eye presets give you a wide variety of options for further character customizing.

Two versions of each shape have been included to accommodate a wider variety of body shape preferences. Version “A” of each shape is more petite, less curvy, and has smaller hands and feet. Version “B” of each shape is taller and curvier with larger hands and feet.

Seven “realistic” skin presets have been set up with Altern8 type skin settings and an additional 6 “toon” skin presets have been set up for when you want more of a “toon” look to the skin. Skin shine strength shaders, lighter palms and lighter soles presets, as well as 8 makeup strength settings have been provided for further customization of a wider variety of skintones and ethnicities. Bring Diva Remix - Toon Tika into your 3D collection and bring out “Anime”, “Dolly”, “Toony”, and “SuperToon” out to play. Enjoy the fun and whimsy these cuties bring to your renders! :)

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core ¹⁾

[] = *Optional, depending on target application(s)*

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
