

# Fit Control for Genesis 8 Female(s)

The advertisement features a large image of a woman with long dark hair wearing a light blue ribbed tank top. To the left, there are two smaller inset images of the same tank top, one above the other, connected by a large green downward-pointing arrow. The top of the image has the text 'FIT CONTROL' in large, stylized letters, with 'FIT' in white and 'CONTROL' in green. Below this, it says 'ADDS ADDITIONAL ADJUSTMENT & MOVEMENT MORPHS TO CLOTHING + DESIGNED TO REDUCE SHRINK WRAPPING & POKE THROUGH.' At the bottom left, it states 'CONTAINS OVER 100 MORPHS TO ASSIST ALL CLOTHING AUTO-FITTED TO GENESIS 8 FEMALE.' At the bottom right, there are two circular logos: one with a blue 'Z' and another with a blue 'CB' and the word 'DISCOBOB' below it.

## Product Information

- Required Products: *None*

Don't just give your figure clothing, give them ones with Fit Control. Ever wish your clothing could just do that little bit more? Fit Control is a set of universal morphs designed to give your figure's clothes

added functionality and also aims to reduce that shrink-wrapped effect and poke through once fitted onto your figure. Load clothing from a different gender, or even ones made for older generation figures, Fit Control works with them all.

Using a new powerful script, it adds morphs to any clothing, be it one or multiple sets. You can choose. The Fit Control morph values are also independent of each other meaning the same morph can have a different value on another clothing item resulting in more dynamic control.

It also contains movement morphs for underwear type clothing, some of which can also be applied to other clothing types as well.

Fit Control Genesis 8 Female Morphs may be saved on clothing items for sale as well. Please see Product's tutorial and usage guide.

To see the product in action, please view the Genesis 3 Female version Promo Video. The Genesis 8 Female version is based on the same basic principle.
