Details

Modern dance is the perfect medium for using the body to convey ideas through the use of abstract art. This set of digital pose presets are designed for both Genesis 8 Male and Female models to allow you to use their shapes to express the contemporary to the avant garde in your art.

Because real world modern dance troupes often dance barefooted, special attention has been paid to the hands and feet in these detailed poses to give you the highest level of realism.

As always, FeralFey's poses are fact checked for gravity, balance, and realism.
