

dForce Night Walker Outfit, Props and Poses For Genesis 8 Female(s)

Product Name:	dForce Night Walker Outfit, Props and Poses For Genesis 8 Female(s)
Product ID:	55709
Published Artist(s):	EmmaAndJordi
Created By:	N/A
Release Date:	2018-09-24

Product Information

- Required Products: *None*

dForce Night Walker Outfit for Genesis 8 Female(s) is a fully customizable and dForce compatible outfit that you can use as a conforming one, or as a dForce one. It is completely rigged so it will work either way.

It includes a timeless nightgown, chambersticks for the left or right hands, daggers for the left or right hands, and unparented prop versions of the chamberstick and the dagger, to be placed anywhere, and 10 varied poses for Genesis 8 Female(s) holding the props. You can use it for all kinds of character concepts and stories: romantic, action, gothic classics, horror, mystery, sleepwalkers...

If you decide to use it with dForce, it includes three "For dForce" morphs that adjust the clothing for optimal simulation, 2 for the skirt, and one for the sleeves. They can be used independently or together.

The nightgown includes clean, dirty and bloody material presets, and all of them can be set ripped or not. It also has style morphs to make the skirt shorter or longer, break the cords, open the back part more, or lower the cleavage part. There are many material presets for the nightgown, the candles, and the dagger. All these options together allow to achieve countless different looks!

This product also contains a tutorial for Introduction to dForce in pdf that is loadable from its icon inside Daz Studio, and 3 Prepare For dForce special morphs to optimize the dress shape for dForce.

Supported Genesis 8 Female shapes: Aiko 8, The Girl 8, Teen Josie 8, and Victoria 8. Other body morphs supported by Auto-follow. This dress works with all the Genesis 8 Body Morphs, as all of them have been included when needed, which means full freedom to use any of those morphs in your renders.

Product Notes

Installation Packages

Below is a list of the installation package types provided by this product. The name of each package contains a [Package Qualifier \(WIP\)](#), which is used as a key to indicate something about the contents of that package.

- 1 Core ¹⁾

[] = *Optional, depending on target application(s)*

Not all installation packages provide files that are displayed to the user within the interface of an application. The packages listed below, do. The application(s), and the location(s) within each application, are shown below.
