

Please notify the Compliance Manager or Medic if any of your symptoms change after filling out the COVID-19 Symptom Screening form. **Upon arrival at set and before STARTING WORK OR UNLOADING A TRUCK see the Medic. Medic will ask you if your symptoms have changed and take your temperature.**

Personal Protective Equipment (PPE)

- Everyone will need to wear a face covering. You are welcome to bring your own, something that you are comfortable wearing. We will have masks available if you need one.
- Masks with one-way valves should not be used.
- Gloves will be available. Please note that gloves can become quickly contaminated. Do not become complacent because you are wearing gloves.
- Frequent hand washing is crucial.
- Please use the provided hand sanitizer frequently and allow time to wash hands often.
- We ask you to bring your own sunscreen if possible as this limits single-use plastics and avoids the use of communal items.

Health Screening & Monitoring

- All crew will be required to submit a temperature reading. Anyone with a temperature over 100.4 will not be permitted to work.
- Alert the Medic or Compliance Manager immediately if any symptoms or contact with anyone who has symptoms of COVID-19 occur.

Craft Service

- Limited prepackaged snacks (no fruit) and drinks will be available.
 - Please do not reach into coolers; craft service will be assigned to hand out items.
 - Please do not get snacks and deliver them to others. This limits the number of hands touching food items that go into your mouth.
- We are not able to store any personal food or drinks.

Set Rules

- No visitors are allowed on set.
- We will limit who can come inside the location.
- Please do not share walkies; your walkie is for you only.
- If you see any PPE, cans, bottle, or trash, which could have touched someone's mouth, a reminder to only pick up with a gloved hand.
